THE Machine

The Machine 2008- Jim Pompeo, Bryan Woolley, Jeff Heiser, Larry Harwood

The Machine has been a constant fixture on the Seattle music scene since the 70's. They may have played your high school dance, prom, or company function. Playing the best PARTY music in the best clubs is what the band is all about. If The Machine had a mission statement, that would be it! When you come and see The Machine, you will only hear DANCEABLE, FUN, PARTY rock and roll, AND you will have a great time.

The Machine performs at clubs, casinos, corporate events and is also available for private functions. The band has played special events for the Seattle Seahawks, MicroSoft, Avon Walk for Breast Cancer, BD&A, to name just a few. The Machine is also a staple at festivals across Washington including The Bite of Seattle, A Taste of Edmonds, The Mukilteo Lighthouse Festival, Redmond Derby Days, and others.

The Machine plays rock and disco from the any time during the rock era and doesn't limit themselves to one genre or decade of music. At a Machine show, you'll hear music by The Beatles, Prince, KC and the Sunshine Band, and AC/DC, to name just a few. And you will be able to dance to ALL OF IT.

If you're looking for a band that can play as well as entertain for your special Casino, Special Event, or Club, The Machine is a great choice!

_____A new fan, Karen - Port Angeles, WA

I liked the music selection the Machine played and they were good guys, really flexible.

_____Organizer of Lakewood SummerFest 2008

My family and I saw you play at the Good Guys Car Show in Spokane, WA. We have never seen such enthusiasm, charisma and audience interaction such as you displayed. My 12 year daughter said "they were as much fun as the Black Eyed Peas concert we attended last year" that is a huge complement coming from her. We wished we could have stayed for the last set but had other obligations to tend to. By the way I was on the cell phone with one of my friends so she could hear you play one of her favorite songs. We hope to see you again soon. We highly recommend everyone to see you perform if they have the chance.

On July 24th I hosted an event at Bell Harbor for the US Services part of Microsoft. This is a semiannual party we do for our technical audience to network and have some fun. We needed a band that was fun and easy going but also would be okay if my largely male population mostly listened and ate and did not engage much... Upon recommendation we hired the The Machine to play this party of about 600 attendees . The Machine was exactly what we needed for this event. They played good music and yet were not demanding of attention. They were courteous and professional to my leadership that sometimes shared the stage as well as started and completed on time. This is not an easy crowd to play for and I really appreciate The Machine coming in and doing a great job from beginning to end.

_____Karen Knoetgen Event Program Manager Microsoft

The Machine played at the Microsoft US Services TechReady 5 Party at Bell Harbor Intl. Conference Center in July. They were a fantastic addition to our party, playing in front of a beautiful Elliott Bay backdrop. We were most impressed by their professionalism and the wide variety of music they played.

They interacted well with our attendees, created a fun upbeat atmosphere and played an eclectic mix of great music. I would definitely hire them again for another corporate or private event. Thanks Machine!!

_____Nicole Shay, Sr. Event Manager, Impact! Events

I highly recommend the band The Machine as a great addition to any event you may be planning. They played at my daughters wedding reception recently and were absolutely wonderful. The members of the band are exceptionally talented musicians and entertainers who have mastered a wide variety of music that appeals to audiences of all ages. Not only did they display energy and enthusiasm throughout their performance, but also they engaged the audience and keep them on their feet throughout the night. We had a great evening of fun and dancing.

Hey Guys! You Rocked Saturday Night! I was there, right at the front of the stage most of the 1st and all of the 2nd sets!!! You guys have got to get on the regular schedule at Tulalip! Thanks again!

_____ ~Mark

A blast was had by all at the Tulalip Casino this weekend! Wish we could have come earlier, but were there by 11 and stayed till almost 1:00 All our girls were thrilled when we pulled into the Tulalip parking lot and said, "we're not really here to gamble, but the Machine is playing" There were shrieks of joy coming from our back seats! Thank YOU for being a part of our fun girls night out! Their line to get in was at least 20-60 people long until about midnight! We waited in it and drank drinks, coffee and had donut holes for almost 40 minutes! :)
